ANNUAL REPORT OF THE SUPERINTENDENT OF INSURANCE

JULY 27, 1927.

GENTLEMEN: There is submitted herewith the report of the department of insurance for the calendar year 1926. The statistics as used in the various tables are taken from the annual statements furnished the department as called for by section 647 of the code.

COMPANY AND ASSOCIATION LICENSES ISSUED

During the year a total of 457 licenses were issued to companies and associations for the transaction of insurance business in the District as against 441 licenses issued in 1925, or a gain of 16.

PREMIUMS AND LOSSES PAID

There were collected by all the insurance concerns doing business in the District during the year premiums totaling \$23,867,181.56, while losses paid totaled \$7,131,220.67. These figures are tabulated as follows:

| | Premiums | Losses |
|--|-----------------|----------------|
| Stock life and mutual companies and associations | \$14,951,062.27 | \$3,875,872.88 |
| Fraternal associations | 663,360.55 | 424,505.06 |
| Assessment life, etc. (sec. 653) | 1,886,823.06 | 681,717.52 |
| Fire and marine companies | 3,654,180.69 | 1,188,691.36 |
| Reciprocal exchanges | 9,338.65 | 5,128.95 |
| Casualty companies | 2,702,416.34 | 955,304.90 |
| Grand total | 23,867,181.56 | 7,131,220.67 |

For the year 1925 the insurance premiums collected and the losses paid in the District were \$22,319,645.29 and \$6,619,897.68, respectively, a gain in premiums of \$1,547,536.27 and an increase in losses paid of \$511,322.99. The increase in losses paid is practically normal and in keeping with the growth of the insurance business in the District.

FIRE INSURANCE PREMIUMS AND LOSSES

A comparative statement is given below of the fire insurance premiums collected and the losses paid for the past 10 years in the District, viz:

| | Premiums received | Losses paid | Percentage |
|-------------------|-------------------|--------------|------------|
| 1917 | \$988,277.03 | \$150,902.44 | 15½% |
| 1918 | 1,208,030.03 | 231,140.60 | 19½% |
| 1919 | 1,553,605.85 | 561,784.62 | 36½% |
| 1920 | 1,860,474.07 | 424,310.19 | 22½% |
| 1921 | 1,644,984.74 | 589,198.18 | 35½% |
| 1922 | 1,996,996.79 | 1,099,187.28 | 55% |
| 1923 | 2,442,344.58 | 819,799.52 | 33½% |
| 1924 | 2,234,029.11 | 871,674.30 | 39% |
| 1925 | 2,521,798.62 | 847,686.35 | 33½% |
| 1926 | 2,771,390.32 | 900,757.21 | 32½% |
| Grand total | 19,221,931.14 | 6,496,440.69 | 33½% |

The National Convention of Insurance Commissioners some time ago advocated a 5 per cent underwriting profit in the fire business. If the average loss ratio on the basis of 50 per cent provides for such a profit, it is certainly evident with even an average loss ratio as high as 35 per cent in the District that rates should be reduced at least 15 per cent.

REVENUES OF THE DEPARTMENT

The collections by the department in 1926 were as follows:

| | |
|--|-------------------|
| Licenses for companies, associations, etc..... | \$9,818.36 |
| Licenses for principal agents..... | 14,191.74 |
| Licenses for ordinary solicitors..... | 10,437.41 |
| Licenses for industrial solicitors..... | 1,668.29 |
| Licenses for brokers..... | 2,429.20 |
| Assignments of licenses..... | 55.25 |
| Filing fees..... | 110.00 |
| Total..... | 38,710.25 |
| Taxes from life, health, and accident companies..... | 204,108.62 |
| Taxes from fire and marine companies..... | 45,034.43 |
| Taxes from casualty companies..... | 33,252.58 |
| Total revenues in 1926..... | 321,105.88 |
| Total revenues in 1925..... | 284,053.87 |
| Net increase of 1926 over 1925..... | 37,052.01 |

EXPENSES OF THE DEPARTMENT

The operating expenses of the department in 1926 were as follows:

| | |
|--------------------------------|------------------|
| Salaries of all employees..... | \$16,605.75 |
| Contingent expenses..... | 2,098.20 |
| Total..... | 18,703.95 |

As a matter of comparison, your attention is called to the fact that during 1922 the revenue of the department was \$228,283.94 and the operating expenses \$21,511.07, or 9.42 per cent. In 1926 the percentage was 5.82. The operating expenses in 1926 decreased \$2,807.12, while the revenue increased \$92,821.94.

COMPANIES AND ASSOCIATIONS EXAMINED

The department was represented last year in a convention examination of the Acacia Mutual Life Association of this city, which occupied several months; also a joint examination with the Maryland

² In hands of a receiver, May 26, 1926.

³ Changed its name.

department of the Mutual Life Insurance Co. of Baltimore, which was quite exhaustive. A very thorough examination was made of the American Fire Insurance Co. of this city by our examiner and deputy. Copies of these examinations have been submitted to your board.

SECTION 651 OF THE DISTRICT CODE OF LAWS

The department compiled with section 651 of the code and submitted to your board in March last the financial condition of every insurer doing business in the District during 1926. The financial statements having since been audited and corrected.

ACTUARY FOR THE DEPARTMENT

The department should have a full-time actuary, and his services could be used to great advantage in our examinations of life insurance companies particularly. Nearly all the local companies have actuaries of their own, yet at the present time we have no way of verifying valuations and are compelled to accept the figures as being correct. Your attention is invited to the case of the Provident Relief Association of this city, once a very prosperous and financially strong life, health, and accident insurance concern. Had the department several years ago been in a position to check and verify through its own actuary the reserves set up on that association's policies, it would not to-day be in the hands of a receiver and hopelessly insolvent. Our own actuary could be kept busy with the many problems that daily confront the department, and in addition we would be in possession of positive information that proper reserves were being set up on all contracts of insurance issued by local underwriters. The other insurance departments of the country have actuaries of their own, and there is no valid reason why the policyholders of the District should not be afforded the same protection.

PROPOSED NEW INSURANCE CODE

Early in 1926, when it was found impossible to get the various insurance interests together on a general code, the life insurance companies had a separate code introduced by Senator Sackett, of Kentucky, as set forth in our last report to your board. This bill was known as Senate bill 4182, and it passed the Senate on February 2, 1927, but failed of passage in the House of Representatives. Objection was raised by the Citizens' Advisory Council to the rate of taxation of 1 per cent on the net premiums collected in the District. At the request of the subcommittee of the House of Representatives District of Columbia Committee investigating District matters, a new bill, known as House bill 16175, was submitted by the department, which was, with very few exceptions, similar to what is known as the "Meyers draft," the latter having been approved by all the insurance interests. In bill 16175, however, this department has inserted a fire "rates and rating bureau" section as approved and recommended by the National Convention of Insurance Commissioners of the United States, and an "injunction, receivership, and liquidation proceedings" section, patterned largely

after sections 68 to 70, inclusive, of H. R. 13834, approved by the House Committee on the District of Columbia January 16, 1923, after a number of public hearings. House bill 16175 was introduced too late for consideration during the Sixty-ninth Congress, and instructions came again to the department from the Gibson committee of the House to prepare a new draft for the Seventieth Congress. This work is now being done and we hope in the near future to submit to your board the result of our labors in order that you in turn can transmit the same to the special committee of the House.

COMPULSORY WORKMEN'S COMPENSATION

Your board is requested to urge the Congress to give to the District an adequate and just law for the protection of its employees, one that will at the same time not work undue hardships to the employers. A duplicate of House bill 4, introduced by Representative Underhill, of Massachusetts, on December 7, 1925, has also been introduced in the Senate by Senator Bruce, of Maryland, and is known as Senate bill 5595. Both of these measures provide for private enterprise assuming the risks, and they also have the unqualified indorsement of the Chamber of Commerce of the United States. In Insurance Bulletin No. 28, issued by the insurance department of that body on March 9, 1927, the following comments on this very subject are made, viz, "The committee commends the chamber upon its untiring opposition to the entrance of the Government into various forms of private enterprise and particularly its activities in behalf of organized business against the substitution of State funds for the individual effort which has made private insurance an invaluable adjunct of business and community progress."

FIDELITY AND SURETY COMPANIES

This department should have jurisdiction over all fidelity and surety companies doing business in the District other than those having dealings with the Government only on various bonds, which companies are licensed and examined by the Treasury Department. The payment of taxes should be through this department and at the time these companies pay other taxes to the District. This would save time and extra labor and be in keeping with the recommendation of the Chamber of Commerce of the United States as to uniformity in the time of filing annual statements by the insurance companies and the payment of taxes. The right should also be given this department to examine or participate in the examination of surety and fidelity companies, the same as the other States of the Union.

REAL ESTATE TITLE INSURANCE COMPANIES

It is recommended that your board hold hearings on the question of real estate title insurance companies in the District at an early date to determine whether or not these companies should be regulated in the proposed new insurance code.

THE MODERN WORKMEN OF THE WORLD SOCIETY

Your board's attention was called to this matter in our report last year. The case has not yet been settled in the courts. Many policies have matured as paid up or endowment contracts, while others have now become death claims and no money has been paid thereon.

FIRE INSURANCE RATES IN THE DISTRICT

The question of rating fire risks in the District has been agitated for quite a while, and as early as 1918 former Superintendent of Insurance Mosher called your board's attention to this matter. In August, 1918, reporting to your board, he used the following language:

My investigation into the question of fire rates leads me to the conclusion that the District of Columbia is probably a more profitable field for the fire insurance companies than any State in the Union.

In the State of Virginia at the present time a commission is at work on the question of reduction of fire rates in that Commonwealth. It is recommended to your board that power be obtained from the Congress for the appointment of a similar commission to investigate thoroughly the fire rate situation in the District, which, no doubt, would be the fairest method of arriving at a decision as to whether or not the District is enjoying as low fire rates as it should.

ANNUAL REPORT OF THE DEPARTMENT

Owing to the insufficiency of the special appropriation allowed the department for printing the annual report, a shortage in the supply has existed for some years. Since 1920 we have been compelled to omit from the report abstracts of the annual statements of all the local insurance companies, which information was compiled and printed for nearly 18 years. The local companies very freely used this information as set forth in our reports and the same should be restored in our next report. It is therefore recommended that the appropriation be increased at least \$600 in order that the supply may be of sufficient size and the necessary data may again be included in the report.

GENERAL REMARKS

The work and records of the department are in excellent shape. Experts who have examined our system pronounce it comparable with the best systems in use in other insurance departments of the country. The correspondence of the department is handled promptly though we should have another stenographer to take care of the increased volume of work. The public receives courteous treatment at all times and is served to the best of our ability.

Our accomplishments would doubtless be more noteworthy if the Congress gave to the District an up to date, adequate, and workable insurance code, which we sincerely trust your board will continue to advocate and recommend.

Respectfully submitted.

T. M. BALDWIN, Jr.,
Superintendent of Insurance.
